1. If walking is good for your health. the postman would be immortal.

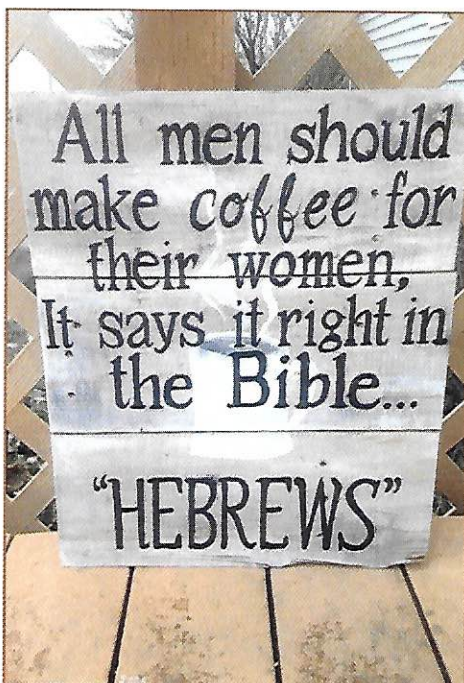

2. A whale swims all day, only eats fish, only drinks water and is fat.

3. A rabbit only eats vegetables, runs and hops all day long and only lives 5 years.

4. A tortoise doesn't run and does nothing energetic, yet it lives for 450 years.

And you tell me to exercise!
I don't think so!
